

*“Our lives are  
not in the lap  
of the gods, but  
in the lap of  
our chefs”*

-Lin Yotang

*Sushi Okalani, serving family-  
style Japanese and Pan-Pacific  
inspired fun and food since 2005.  
Your chef will be glad to make  
recommendations for you, but please  
order initially through your server.*

**Our Sushi is normally served family style; often in multiple courses.  
Please inform your server if you are under time constraints or want  
individual plating.**

**Please notify your server ahead of time if separate checks are required.  
No more than 4 split checks per table please.  
Automatic gratuity of 18% added for groups of 6 or more.**

**Sashimi** - raw fish, shellfish, or red meat, served with daikon radish. Eaten with chopsticks, a delicate starter of the best cuts. Ask your chef what he loves today!

**Nigiri Sushi** - sliced fish over formed rice balls, traditionally served with wasabi paste, but not here! Eat them with your fingers; we want them to melt in your mouth, not fall into your lap. They are best dipped upside down into soy sauce, so the fish takes a bath, not the rice!

**Maki Sushi** - rolled sushi with seaweed paper, sliced into bite-sized pieces. You can eat these with chopsticks, but fingers work best.

**Te Maki** - Cone-shaped roll, one big piece of nori wrapped around rice, fish and/or veggies. Eat it like an ice cream cone, not for sharing!

**Wasabi** - Japanese green horseradish, mixed with soy sauce to spice up your life.

**Tamari** - soy sauce made without wheat, in other words, gluten-free soy. Available on request.

**Gari** - pinkish palate-cleansing pickled ginger. Yum!

**Ponzu** - soy/citrus vinaigrette, now made gluten-free. Recommended for oilier fish or as a lighter alternative to soy.

**Sake** - rice wine, served hot, cold or room temperature. Ask your server what they love!

The following major allergens are all present in our kitchen. Please alert your server if special attention is needed: **Dairy, Eggs, Peanuts, Tree Nuts, Fish, Shellfish, Wheat and Soy.** We have added markers to our menu for those items that contain Soy or Wheat, for those with gluten-free diet restrictions. Because the same equipment is used to cook and prepare all items, we cannot guarantee complete separation of allergens and or animal products.
